

Name of Training: Training on Early Warning Materials use and First Aid.

Introduction: Bangladesh is one of the most disaster prone countries in the world. Every year Bangladesh faces various calamitous events, some of them are natural and some of them are anthropogenic of origin. By these events our community people become worst affected. So Blue Gold project has been conducted a two daylong training on the use of Provide Materials and first aid to creating awareness and raise knowledge for proper use. So that they could understand & disseminate the warning message through early warning materials use. Also they can life saver of affected community peoples through first aid on post disaster. There is a Disaster Management Committee (DMC) at the union level. But member of UDMC are not sufficiently knowledge to do their responsibilities properly during disaster period. So capacity building of this committee situation and is trying to do different types of activities for capacity building of UDMC and Community volunteers. Training is a process of capacity building. Considering this matter Shushilan BLUE GOLD has arranged training on **Early Warning Materials use and First Aid** of the deluti union disaster management committee members and Community DRR volunteer. Disaster risk reduction is in the main stream of Blue Gold program. It has been working for disaster risk reduction through capacity building of UDMC and community DRR volunteers of WMG in each polder. **Babu Samar Kanti Halder-UP**

Training inaugurated by UP Chairman, Deluty, Pikegacha.

Chairman and Chair of the Deluty Union Disaster management Committee-UDMC was presided over the training ceremony and also he inaugurated that program. Welcome speech was given by **Dr. Kabil Hosen-Environmental and DRR Expert**, Blue Gold project, Paikgaha, Khulna, also he described on Blue Gold DRR activities in details, General speech was given by **Kartick Chanadra Biswas–Coordinator-DRM** on behalf of Shushilan training team, Khulna, and another important speech was given by WMG highlighted member **Babu Anakul Chandra Majumder**. The UP member SM Jahir Uddin Sheikh, Chancala Rani Mondol, Tapash Kumar Roy and DRM training Officer Tapash Kumar Roy, Shushilan, Khulna and others were present there. The inaugurated session were presented by Sawapna Rani Nag- Asst. DRM Training officer, Shushilan, Khulna.

Date of Training: On February 23-24 & 25-26, 2015 training was held on Early Warning Materials use and First Aid.

Time: It was two day long training. The training started at 9.30 am and closed at 5.30 pm in each day. A few numbers of participants attended after started course.

Venue: The training was held at Deluti Union parishad Hall Room, Paikgacha, Khulna. UDMC Chairperson and member secretary confirmed the training venue from UP.

Facilitator: Blue Gold project Shushilan, Khulna has a small training team. The training team members were Kartick Chandra Biswas –Coordinator-DRM, Tapash Kumar Roy- DRM Training Officer and Shapna Rani Nag - Asst. DRM Training Officer. So, Shushilan training team conducted training courses as facilitators.

Monitoring and Supervision from Blue gold: On behalf of blue Gold Dr. **Kabil Hossain – Environmental & DRR expert** monitored and supervised the training program. He also provided good coordination and support for the course.

Objectives of the Training:

- Use of Early Warning and First Aid Materials.
- To train up Community Volunteer & UDMC members on Early Warning System.
- Ensuring dissemination of message to local community by using provided materials.
- To gathered Basic knowledge on First Aid and they can Implement it on post disaster
- Creation of mass awareness regarding disaster risk reduction through WMG, WMA members, Community Volunteer's and UDMC members

Training Methodology: The Facilitators have been used the following methods to conduct the training session.

- ❖ Multimedia presentation
- ❖ Demonstration
- ❖ Lecture and discussion
- ❖ VIPP
- ❖ Group discussion
- ❖ Small Group Discussion
- ❖ Reading and Discussion

Training materials:

- Banner
- Brown Paper
- Art line marker
- Name card
- White Board Marker
- Binder Clip
- Note book
- Ball pen
- Mike
- Cyrene
- Module
- Session Plan

Content of Training:

Attached Annexure-1

Participant Description:

There are deluty union disaster management Committee members and Community disaster volunteers (Member of WMG & WMA) in paikegacha upazila under Khulna district. Shushilan has been organized **early warning materials use and first Aid** training for UDMCs members and Community volunteers. Participant's information at a glance is given below.

Table: Expected and Actual Participants of EWM use & First Aid

Sl. No	Categories of Participants	Training date	Union	Expected Participant			Actual participant		
				Male	Female	Total	Male	Female	Total
01	Volunteers	22-23 february,2015	Deluty	21	12	38	18	12	34
02	Elected Members(UDCM members)		Deluty	4	1		3	1	
3	Volunteers	24-25 February,2015	Deluty	22	12	38	21	12	36
4	Elected Members(UDCM members)		Deluty	3	1		2	1	

Process of training arrangement: After formation of training batch in each village of deluty union (22 no folder) under paikegacha upazila it was necessary to trained up the concern UDMC (deluti) for increasing their knowledge and skills. As per decision of Blue gold program authority Shushilan organized a two days long non residential training course of UDMC members and volunteers. The participants were invited by Chair of Deluti Union Disaster management Committee for joining at the two day long training program they were attended the course as schedule date and time. Facilitators were displayed/demonstration Prevention, Mitigation, Preparedness and Response and early warning system training related materials at the training session and explain. For well organization and smoothly facilitation training venue conformation, venue decoration, setting arrangement, Food and Snacks requisition were ensuring before one week.

Some EWM use & First Aid training participants, Deluti Union, Paikegacha.

Course Evaluation (pre-post test) and Participants comment:

As a part of training , the trainer has facilitated on pre & post assessment session to it strating & ending time on each course on EWM use & First Aid through written test. There were significant changed in each training participants or community volunteer of that test score. The pre assessment relult in avarage was **42%** and the post assessment was **92%** . So result has incresed from pre-test to prost test was **50%** in avarage. There were mention that individual changed in an **enexure # 3**. Please see the attached file. The training was closed through formarly a small discussion. A different level representative was participated on that discussion and they have given comment or oppinion on that training, At first they have a vote of thanks to shushilan for organized this kind of training organized. Babu **Krishana pada Raptan** -president of deluti Water Management Group-WMG, he commented that “ This kind of training were different type of trainig in this area”. The training agenda was very subjective and a lot of learn from first aid like as- search & resque, basic knoladge on first aid, bleeding, bone thacher, and how to prepared strathcher for use local tecnology and early warning material use to practically. It will be very helpful for all Community peoples. We have followed it all the year round. Another hihglight person of UP member **Mrs. Chanchala Rani Mondol** said that” early warning materials was very important for cyclone warning desiminate “ he also proposed to **Blue Gold program**, they will be provided **EARLY WARNIGH MATARIALS** set to Volunteer Groups in deluty Union under paikegacha upazila for future action. AS a result all of training participants more satisfied for this kind of training could be receive. Again a vote of thanks to Shushilan blue gold training program.

Participants busy for post Evaluation

Challenges:

- Ensuring active participation of all participants.
- To hold up their concentration for tow daylong session.
- There were no gap in 4 batches training it was running in sequentially

Icebreaking by one training participants

- A huge number of participants on each batch training (37 Participants)

Learning's:

- Increase their eagerness to participate in disaster related training.
- Increase disaster based knowledge and skill day by day.
- There were more female participation in that training
- Change attitudes to attend disaster related meeting and training.
- Build up trust to local community on Blue Gold Disaster activities.

Recommendation:

1. Refresher Training will be needed.
2. The joint quarterly meeting should be organized between UDMC and community Volunteer Group s
3. It should be provided Early Warning Materials for community volunteer group's (one set)
4. Deluti union is more disaster porn union so it could be shaped a disaster model union by blue gold.
5. 20-25 participants in each batch is maintain standard

Early warning Materials

Conclusion: Group formation and trained them up on early warning system is an exclusive steps for increasing knowledge and skill of local community. Training on early warning materials use for Community Volunteer Groups is an easy way to reach the message to the root level of the community. They would be the effective tool for disseminating message for creating awareness among local people. A few participants decided it was a innovative training in deluty union which was not conduct in earlier. More of the training participants have proposed to provide early warning materials and cyclone shelter from Blue gold. So, early warning materials use and first aid training were more effective and fruitful in deluty union.

Annexure: 1. Training schedule

Blue Gold Project
Training to Volunteers on Early Warning Materials Use and First Aid
Duration: Two Days
Training Schedule

Fist Day

Time	Subject	Method	Material
9:30-10:30	Pre-training Activities Inauguration, Explaining objective of training, Introducing & Ice-breaking, Overview of Blue Gold Project, Pre-test, Training expectation & Principle, Team making and responsibility distribution	Demonstration, Structural experience, Question answering, Lecture & Discussion, Experience Sharing	Registration Form, VIPP Card, Pre-test Sheet, Ice-breaking material, Name Card, Flip chart & Marker
10:30-11:30	Basic Terminologies on Disaster Management	Lecture & Discussion, Question & answer	Poster, Marker, Multimedia Projector, Signal flag
11:30-11:45	Tea- Break		
11:45-12:30	Discussion on Early Warning & Early Warning Dissemination	Lecture & Discussion, Question & answer	Poster & Marker, Multimedia Projector, Signal flag
12:30-01:00	Demonstration and use of Early Warning Material	Demonstration, Lecture & Discussion, Question & answer, Practical Session	Poster & marker, Multimedia projector, Siren, Megaphone, Radio & First Aid Box
01:00-02:00	Lunch & Prayer		
02.00-02.30	Practical on Using Early Warning Material	Demonstration, Lecture &	Poster & marker, Multimedia

		Discussion, Question & answer, Practical Session	projector, Siren, Megaphone, Radio & First Aid Box
02:30-03:00	Concept of First Aid	Demonstration, Lecture & Discussion, Question & answer, Practical Session	Poster & marker, Multimedia projector
03:00-04:30	Artificial Breathing, Observation & observation method of artificial breathing, Procedure of Cardio Pulmonary Resuscitation (CPR)	Demonstration, Lecture & Discussion, Question & answer, Practical Session	Multimedia Presentation, Poster, Marker, Dummy doll, Blanket, Table & First Aid Box
04.30-04.45	Tea- Break		
04:45-05:15	Bleeding, Bandage & Nursing	Demonstration, Lecture & Discussion, Practical Session	Multimedia projector & First Aid Box
05:15-05:30	Review of the of the Day	Question & answer	

2nd day

Time	Subject	Method	Material
09:30-10:00	Greetings share and recap	Question and answer	
10:00-11:00	Senseless, Shocks and it's Prevention	Demonstration, Lecture & Discussion, Practical Session	Multimedia projector & First Aid Box
11:00-11:15	Tea- Break		
11:15-12:00	Injury, Types of injury, Nursing of injury & First Aid	Demonstration, Lecture & Discussion, Practical Session	Multimedia projector & First Aid Box
12:00-01:00	Bone fracture and it's management	Demonstration, Lecture & Discussion, Practical Session	Multimedia projector & First Aid Box, Stick-2, Blanket, Jacket, Jeans pant, Jute sack
01:00-02:00	Lunch & Prayer		
02:00-03:00	Burn, Types of burn, Fire extinguish and First Aid	Demonstration, Lecture & Discussion, Practical Session	Multimedia projector & First Aid Box
03:00-04:00	Poisoning, Snake/insects bites and First Aid	Demonstration, Lecture & Discussion, Practical Session	Multimedia projector & First Aid Box
04:00-04:15	Tea- Break		
04.15-05.15	Course Closing Activities Review & Lesson learning Training expectation fill up Post Test	Demonstration, Lecture & Discussion, Question and answer, Group Discussion, Practical Session	Poster & marker, Multimedia projector, Thread ball, White flip chart, Post test sheet, Session evaluation sheet
05:15-05:30	Course Closing Ceremony	Lecture
