## Blue Gold Program Orientation for Kalapara Upazila Parishad

### Place: Patuakhali WD Division, BWDB, Kalapara

Date: Nov 09, 2017

To Brief the Upazila Parishad, Upazila level officials of the line departments about the Blue Gold program; it's implementing agencies, objectives, targets, activities, areas, stakeholders and implementation procedures, a half day Orientation program was successfully organized at Kalapara Water Development Board Office on 09 November 2017. Upazila

Chairman, UNO of Kalapara, other officials from the concerned department, concerned four UP Chairmen covered by 2 Polder (47/3 and 47/4), Executive Engineer and other staff of Patuakhali Water Development Division, Kalapara attend in this Orientation Program.

Due to an emergency meeting of Kalapara Upazila Parisahd in the morning on the same date Upazila Nirbahi Officer and Chairman requested to shift the program after lunch as all the Upazila level officers and UP Chairmen had to present in that Upazila meeting. The Office of Executive Engineer, Patuakhali WD Division built a well decorated stage for the orientation program at the premises of the Patuakhali WD Division, Kalapara but unfortunately we have to conduct this meeting in the office room of Executive Engineer. Though the meeting started around 2 PM very informally followed by a self-introduction to each other, the discussion was very interactive and prolific.

### **BGP Introduction**

At the very beginning of the discussion, the Blue Gold objectives, activities, executing process and participatory water management approach- Functional WMOs was presented through a power point presentation by T&C Leader Mr. Abul Kashem. In this session Mr. Shorab Hossain explained the process of WMOs formation, its activities and legal entity i.e. registration process to the participants and Mr. Delower Hossain informed the audience about the rehabilitation plan and progress till now of infrastructure of polder 47/3 and 47/4 while Mr. Shamim Ahmed

contributed about agricultural activities of Blue Gold Program (TA Part) of these two new polders.

It is noted that Agriculture Officer, DAE Kalapara also updated to the house about agricultural activities under BGP-DAE part in these two new After that Mr. Aowlad polders. briefed the roles and Hossain involvement of local Govt. Institutions (Upazila parishad, UP and other organizations) with Blue Gold Program and importance of strong linkage between LGIs and WMOs.

#### **Open Discussion**

Mr. Mosiur Rahman AO, DAE-Kalapara requested to BWDB to informed them before planning any rehabilitation works in the polder so that they (DAE) can assist BWDB to select the right one as all these are for agricultural production. And he also opined that BWDB and Blue Gold program should plan on how to preserve or store water in the polder area during rabi/dry season for irrigation as in this polder area more or less all the cultivable land remain fallow in dry season because of salinity.

The chairman of Balitali Union expressed his gratitude to BG Program Authority and BWDB to select these polders as the rehabilitations works will start after very long period.

Mr. Tanvir Rahman, UNO Kalapara acknowledged to BWDB for arranging this meeting where he got the glimpse of Blue Gold Program for the very first time since its inception in Kalapara Upazila. He appreciated the participatory approach in water management i.e. involvement of local people and wished its success. A request was made by the UNO to provide the rehabilitation plan of structure of the two polders (47/3 and 47/4) to his office so that he can

share with the concerned line department to avoid any overlapping of development activities in this polder area. Right

**Motion:** The Executive Engineers, Patuakhali WB Division, BWDB agreed and committed to provide the **rehabilitation plan** of polder 47/3 and 47/4 and **the resolutions** of consultation meeting (with UP where the plan was prioritized) to the concerned departments immediately.

away the Upazila Chairman and other officers clinched the proposal.

The Chairman, Kalapara Upazila Parishad Mr. Abdul Motaleb Talukder firstly thanked the authority for the invitation and hosting the meeting. He expect that one representative from BWDB should be ensured in every coordination meeting so that they can get the update of development activities on regular basis. He also shouted for removing the illegal cross dam in the cannels and Blue Gold

Program can work on this matter specially sluice operation by involving correct people as in earlier all the sluice are used only for catching fish. He recognized the kind of work of Blue Gold Program especially the community involvement and gave his commitment and full support from Upazila Parishad to implement the Blue Gold Program.

#### Conclusion

In the concluding remarks, the Executive Engineer, Patuakhali WD Division briefly described the background of including two polders of Kalapara Upazila under Blue Gold Program and the budget limitation for implementing all the planned rehabilitation works. He thanked the distinguished participants specially the Upazila Chairman, UNO and other Upazila level officers of line department and also expressed his gratitude to Blue Gold TA Team for organizing the meeting very effectively.
