BLUE GOLD PROGRAM

WORKSHOP ON RABI SEASON PLANNING FARMER FIELD SCHOOL (FFS) FOR COMMUNITY AGRICULTURAL WATER MANAGEMENT (CAWM) AREAS

Patuakhali November 09, 2016

Objectives:

- To share the current progress, challenges and lessons learnt during the Aman season in the CAWM areas;
- To discuss the needs, preferences and challenges of CAWM-WMG members for Rabi season cultivation and decide on the cultivation pattern for the Rabi season;
- To discuss the major drainage and other water management problems in the CAWM areas, how they will effect Rabi cultivation and to identify potential solutions;
- To discuss potential marketing challenges (related to inputs, outputs, market linkages) for the selected Rabi crops and to identify possible solutions;
- To discuss the required preparations and planning for the upcoming FFS sessions in the Rabi season.
