Acknowledgment

This publication was made possible with a financial contribution of the Netherlands Government. The authors would like to express their sincere gratitude to Blue Gold Program, the Department of Agricultural Extension (DAE) and the Government of Bangladesh for their support in preparing this report. We would like to thank the Royal Thangka a

Component Leader of the Blue Gold Programme in Bangladesh, for providing valuable information and support on different aspects of the programme. We also would like to thank other members of the Blue Gold Study Team: Helen, Kim, James and Hans Bredius.

We are also thankful to Moringa Private Ltd. for letting us visit the company premises and for providing wealth of information on the production and marketing of Moringa in Bangladesh. Finally, we were great deal of appreciation to Mark van den Broeg and Frank Spier for providing valuable time and insights on different aspects of Moringa value chains in Africa, Europe and Asia.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
