**Acknowledgment**

This publication was made possible with a financial contribution of the Netherlands Government. The Foundation takes complete responsibility for this report, as set out in the pig rearing community field activities. With assistance of Bangladesh, WHO members, the Livestock Department, donors, and other pig rearing, and many others without whom this research would not have been possible.

We would like to thank the Netherlands, Blue Gold Program whose support enabled us to achieve the successful completion of the research study. We also thank to the Bangladesh Govt, Blue Gold Program, for its excellent cooperation and facilities on the progress of the study. In addition, we thank to: "Water for People", "Livestock Support", "Blue Gold Program" for his guidance and assistance for the research. And we thank the Team Leader (the team of Blue Gold) for the overall guidance and support.

We would like to express our gratitude to George Choudhury, Deputy Team Leader, Blue Gold for his expert suggestions at the beginning of the research. We would like to thank Dr. Rishi Choudhury, Deputy Team Leader, Office, and Bangladesh for his continuous cooperation and administrative support. Furthermore, we would like to thank Dr. Faruq Hossain, Deputy Team Leader, Livestock Office and Dr. Abdur Rahman Hossain, Veterinary Surgeon, Bangladesh for their technical support and advice. We also like to thank the participants in the survey, who have helped through their provision time during the process of interviewing. We would like to thank 174 farmers, who have supported us throughout entire process, both in helping us to complete and helping us to participate in the survey.

It would not have been possible without the local support and help of many individuals and organizations. We would like to extend our sincere thanks to all of them. We would like to express our gratitude towards the following members: Dr. Bahar, Dr. Rahman, Dr. Choudhury, Dr. Golder and the Netherlands of the Foundation for their dedication and support in completion of this project.

We would like to express our special gratitude and thanks to Dr. Lutfur Rahman, Field Project Director, Ministry of Fisheries and Livestock for his excellent cooperation and suggestions that have been given during the research period.

Our thanks and appreciation goes to the Study Guide and the Interview Guide who have been experienced in pig rearing and their contribution to the research. Also, we would like to thank the donors who have given generous appreciation to this research, Blue Gold Program - we cannot say thank you enough.

## Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
