Disclaimer
 This publication was made possible with a financial contribution of the International Development Bank. The work was also partially supported with in-kind contributions through the United Nations World Food Programme (WFP) until its termination in 2018. We are in always acknowledge the contribution from the Department of Agricultural Extension (DAE) and the Bangladesh Agricultural University in Bangladesh, without which the project would not have been possible.

Leveraging decision making science to sustain climate- and market-smart mung bean advisories in Patuakhali

BGIF33 17aug_20 FINAL PROJECT REPORT BG CAMASMA CIMMYT BD

BGIF33

Any formal or informal structure (not necessarily a physical place) in which buyers and sellers exchange goods, labour, or services for cash or other goods. The word 'market' can simply mean the place in which goods or services are exchanged. Essentially, markets are defined by forces of supply and demand, rather than geographical location

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the

Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
