Water Management and Productive Sectors Innovation Fund

Report of Quarter 2 – 2015

Go to page

1. Women-managed Small Household Ponds (SHHP) project requests extension

On 18th June, WorldFish submitted a no-cost extension the SHHP project, citing that the project going to end by 30th June as per the previously extended contract. However, since some of the funds of the SHHP project remain unspent, WorldFish wishes has requested for a further no-cost extension for a period of three months (July-September 2015).

As per the original no-cost extension, WorldFish will submit the final report on the SHHP project to Blue Gold by June 30, 2015. During the second period of no-cost extension (July-September 2015), WordFish will focus on fine tuning the research regarding Technologies, Economic Analysis and Measurement of the Women Empowerment Index (WEI).

2. Follow-up on water hyacinth handicraft production

The Innovation Fund Manager has made contact with a company that might potentially serve as the private sector partner for a water hyacinth handicraft production project within Blue Gold. The company, *Classical Handmade Products BD*, has previous experience in partnering with NGOs and has been asked to submit a project proposal.

3. NICE Foundation submits research proposal on Kawra pig-rearing community

The proposal of the NICE Foundation regarding research on the Kawra pig-rearing community in the South-West of Bangladesh has been approved by the EKN on 23rd June, 2015. Blue Gold will move forward with the official procedures, drafting and signing a contract. The NICE Foundation aims to start their activities within the Blue Gold program on August 1st, 2015.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
