20 years of Participatory Water Management (PWM)

- Guidelines developed for Bangladesh Water Development Board (BWDB) and Local Government Engineering Department (LGED)
- Registration of Local Water Management Organizations (LWMOs) by Department of Cooperatives, or by the Bangladesh Water Development Board (BWDB) office of Chief Water Management
- Introduction of PWM within project areas
- Support to Water Management Groups (WMOs) and Water Management Association (WMA) during project periods
- Local association of Union (Panchayat) (LAWA) (WMA's "Partner")

Summary [\[edit\]](#) | [\[edit source\]](#)

WMOs: building sustainable partnerships for participatory water management

Water Management Organizations - The common name of organizations of the local stakeholders of a water resource project/sub-project/scheme. The concept WMO typically refers to WMOs and WMAs (and/or WMFs) together

A process by which the local stakeholders are directly and actively involved in identification, planning, design, implementation, operation & maintenance and evaluation of a water management project.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
