Key Outcome
SVC Strategic Workshop
(Modified Cycle-11 FFS)

Objective of modified TA FFS:

- To adhere to **ARM recommendations 5.4 & others**
- 5.4 *"It is recommended that the specific FFS on poultry and livestock continue – even in shortened versions – and where possible are updated with new elements, such as cage fishery, as developed under the Innovation Fund."*
- To maximize Blue Gold Resources to cover more beneficiaries, reach more WMG within limited period of time with demand driven agricultural related technology transfer and market orientation with a view to achieve more economic development.

Important Consideration:

- To enhance BGP objective of economic development, this transfer of improved technology and strengthening value chains is considered as a tool.
- Thus the issue of changing the name for 'FFS' approach to IGA or Economic Development Activity (EDA?) is seriously considered if continuing with 'FFS' creates obstruction in reducing number of session or adopting flexible but essential modification in approach for achieving overall BGP efficiency.
- It is also envisioned that all such capacity development activity should be completed within limited period of time, within maximum of 5 sessions to also reduce cost and achieve management efficiency.
- In designing modified modules for transfer of improved technology and planning for number of sessions, all are requested to keep in mind key objectives and BGP concerns.

Summary Decisions at SVC Strategic Workshop:

1. Cover more HHHs, WMGs and area/polders with TA FFS
2. Modified FFS should be as follows:
 - I. Demand driven/need based
 - II. Address poor HHHs
 - III. Cover more/maximum HHHs
 - IV. Align/integrate with other BGP activities/objectives
 - V. More profit focused
3. Module should focus on the concept "Farming as a business/IGA"
4. Earlier FFS implement cycles should be split into separate modules
5. Limited sessions for each module (at best 5)
6. FT will be running C-11 modules.
7. DAE/DoF developed FT/LEAF may be involved in BGP activities where BGP FTs are not available
8. Module covers MO & production issues
9. Fish module will be consisted with 4 sessions.

Go to page

1. To be prepared and to continue with FFS
 2. What kind FFS can be selected
 3. Training: determine guidelines related to FFS (classroom, extension activities, materials, session materials, no. of group and size cover, etc.) developed by Feb. 15, 2014
 4. Need to collect a simple baseline so that achievement can measured
 5. FFS module will be selected after assessing demand from a basket of study modules
 6. Session can be part of all production FFS
 7. Need to decide about the role of HHHs in FFS participants selection
 8. In-house one day module may be proposed by Feb. 15, 2014
 9. Policy and best learning module may be proposed by Feb. 15, 2014

Table 1: FFS Evaluation

Proposed Condition	Key Issue	Expected Output	Timeline	Remarks
1. Demand driven/need based	Participants' assessment	A. Assessment of demand	Feb. 15, 2014	1.1. Assessment of demand
2. Address poor HHHs	Targeting of participants	B. Targeting of participants	Feb. 15, 2014	2.1. Targeting of participants
3. Cover more/maximum HHHs	Number of sessions	C. Number of sessions	Feb. 15, 2014	3.1. Number of sessions
4. Align/integrate with other BGP activities/objectives	Integration of activities	D. Integration of activities	Feb. 15, 2014	4.1. Integration of activities
5. More profit focused	Business plan	E. Business plan	Feb. 15, 2014	5.1. Business plan

Table 2: Determining FFS-OTF implementation team, FFS location and number

Proposed Condition	Key Issue	Expected Output	Timeline	Remarks
1. Demand driven/need based	Participants' assessment	A. Assessment of demand	Feb. 15, 2014	1.1. Assessment of demand
2. Address poor HHHs	Targeting of participants	B. Targeting of participants	Feb. 15, 2014	2.1. Targeting of participants
3. Cover more/maximum HHHs	Number of sessions	C. Number of sessions	Feb. 15, 2014	3.1. Number of sessions
4. Align/integrate with other BGP activities/objectives	Integration of activities	D. Integration of activities	Feb. 15, 2014	4.1. Integration of activities
5. More profit focused	Business plan	E. Business plan	Feb. 15, 2014	5.1. Business plan

Table 3: Budgeting for FFS Cycle-11

Proposed Condition	Key Issue	Expected Output	Timeline	Remarks
1. Demand driven/need based	Participants' assessment	A. Assessment of demand	Feb. 15, 2014	1.1. Assessment of demand
2. Address poor HHHs	Targeting of participants	B. Targeting of participants	Feb. 15, 2014	2.1. Targeting of participants
3. Cover more/maximum HHHs	Number of sessions	C. Number of sessions	Feb. 15, 2014	3.1. Number of sessions
4. Align/integrate with other BGP activities/objectives	Integration of activities	D. Integration of activities	Feb. 15, 2014	4.1. Integration of activities
5. More profit focused	Business plan	E. Business plan	Feb. 15, 2014	5.1. Business plan

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
