Blue Gold Program

Brief Note on Training of Facilitators (ToF) on Year round CAWM FFS

BRAC Learning Center, Barishal, Date: 02-06 September'2018

Introduction:

The second batch 5 days on Training of Facilitators (ToF) was successfully completed on 06 September' 2018 which was started on 02 September' 2018 at BRAC learning center (BLC), Barishal with an aim to improve capacity of the SAAOs in facilitation and conduction of CAWM Year round training programs through experiential learning process (methods & techniques). Total 23 SAAOs of DAE under Patuakhali sadar, Galacipa, Baoufal, Dasmina and Kalapara upazial and 5 CDF of BGP TA part participated in the training course where 3 Agricultural Extension

Officers (AEO) from Kalapara, Patuakhali Sadar and Bouafal Upazila and Two officers (One AEO and one Additional Agricultural Officer) from DAE-BGP part (Dhaka) also attended as observer and resources persons.

Training Courses:

All the participants reported BLC at afternoon on 1st September 2018 and the training course started with the pre-test of course and after that the five days program formally inaugurated by Deputy Director, Horticulture Center, DAE, Barisal followed by the session where participants had the opportunities to express their expectation from the five days ToF course. Additional Agricultural Officer, Atikunnnahar and Mr. Rezwanul Islam- AEO briefed the participants about the

Blue Gold Program- DAE part and CAWM concept, activities, difference between CAWM-FFS and other FFS.

After lunch break a "simulation" on facilitation staged in the session by a BRAC staff where participants realized from their heart about the role of a facilitators in adult learning process and the necessity of analyzing the participants, learning attitude, behavior, liking disliking and in what environment/situation they like to learn during FFS School session conduction.

The second day started with recapitulation of the first day where the participants described the best learning's from day-1 discussion. After that the facilitation experience and skill of SAAOs were

Summary[edit | edit source]

Brief Note on Training of Facilitators (ToF) on Year round CAWM FFS

Community-led Agricultural Water Management - with DAE, Blue Gold established a network of schemes for demonstration purposes where locally-applicable annual cropping patterns are introduced along with water level control facilitated by small-scale water infrastructure, and the development of value chain skills in farmers

Farmer Field School - A group-based learning process through which farmers carry out experiential learning activities that help them to understand the ecology of their fields, based on simple

experiments, regular field observations and group analysis. The knowledge gained from these activities enables participants to make their own locally specific decisions about crop management practices. This approach represents a radical departure from earlier agricultural extension programmes, in which farmers were expected to adopt generalized recommendations that are formulated by specialists from outside the community.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
