Report on Training of Facilitators (ToF) on Year round CAWM FFS

BRAC Learning Center, Barishal, Date: 21-25 Oct'2018

1. Introduction:

The third batch 5 days "Training of Facilitators (ToF) on CAWM Year-round FFS" for SAAO & AEOs was successfully completed on 25th Oct'2018 at BRAC Learning Center (BLC), Barishal. The objective of the training course was to improve the capacity of the participants on facilitation skills in organizing CAWM Year-round training program. Total 24 SAAOs and 04 AEOs of DAE under Satkhira and Khulna District were attended the course. This training program was jointly organized by the DAE from Oct 21-25, 2018. The course was inaugurated by Mr. Tusar Kanti Samadder, Additional Deputy Director, Horticulture Center, DAE, Barisal and Mr. SM Ferdous, District Seed Certification, DAE, Noail.

After inaugural session Mr. Rezwanul Islam, AEO briefed the participants about Blue Gold Program - DAE part and CAWM concepts, activities, difference between CAWM-FFS and other FFS. Mr. SM Ferdous and Rezwan continued the whole training course as a facilitator. They have emphasized and clarified the technical issues and connected learning with DAE for better application in DAE implemented other projects. Dr. M Shahab Uddin, Additional Director Planning, Project Implementation and ICT Wing, DAE, Khamarbari, Dhaka facilitated some sessions and attended with the participants in the cultural evening.

The Project Director, Blue Gold Program (DAE Part) was attended the training course on 3rd and 4th day of training course, clarified the importance of the course and encouraged SAAOs for active participation and application the learning from the training course.

2. Key sessions of the training course:

After lunch break a "simulation" on facilitation game was played by a BRAC Trainer where participants realized from their heart about the role of a facilitators in farmers learning process and the necessity of analyzing the participants, learning attitude, behaviors, liking disliking and in what environment/situation they like to learn during facilitating FFS school sessions.

The second day started with recapitulation of the first day where the participants described the best learning's from day-1 discussion. After that the facilitation experience and skill of SAAOs were reviewed by

Summary [\[edit | edit source\]](#)

Report on Training of Facilitators (ToF) on Year round CAWM FFS

Community-led Agricultural Water Management - with DAE, Blue Gold established a network of schemes for demonstration purposes where locally-applicable annual cropping patterns are introduced along with water level control facilitated by small-scale water infrastructure, and the development of value chain skills in farmers

Farmer Field School - A group-based learning process through which farmers carry out experiential learning activities that help them to understand the ecology of their fields, based on simple

experiments, regular field observations and group analysis. The knowledge gained from these activities enables participants to make their own locally specific decisions about crop management practices. This approach represents a radical departure from earlier agricultural extension programmes, in which farmers were expected to adopt generalized recommendations that are formulated by specialists from outside the community.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
