## National Agriculture Policy 2018

Go to page

**Ministry of Agriculture**  
**Government of the People's Republic of Bangladesh**

### 5. Introduction

- 1) The work force in rural Bangladesh is majorly dependent on agriculture. Agriculture contributes to approximately 13.17% of the nation's annual income. Despite growing expansion of industries, 45% of the population in Bangladesh is dependent on agriculture. In the last four decades, agriculture has made a significant success in developing the annual growth of the nation. Agricultural sector has played a significant role. The country has seen unimagineable success in the paddy, corn, fresh vegetables whereas the country is highly dependent on export forspices, oil and opium. Due to various developed technology, specially increase in hybrid crops which have led to the availability of fresh leaf and vegetables all-round the year. Likewise, the development in the agricultural sector through bio technology has also helped the country to reach a milestone, and helped create an example in the Asian market. The development of agriculture is directly related to the upliftment of the poverty stricken population. In order to reduce poverty, agriculture has been the way to "Redemption of poverty and started for growth and development".
- 2) In contemporary times, due to increasing development of industrial and service sector, the share of agricultural sector in the national gross domestic product has reduced. Notwithstanding this, the livelihood of majority of the rural population is dependent on farming. The contribution of small farmers in increasing national food security is immense. In the past, a pressure have been created to increase production of paddy, wheat and other pulses due to which food and agricultural production has increased. Though ensuring food security has been possible to some extent, but to acquire good level of nutrition still remains a challenge. Thus, it is important to stress the increase of production of all varieties of crops according to agricultural policy.

- 3) In this recommended agricultural policy framework, the resolutions adopted by the national executive like, Environment Policy 1992, National Forest Policy 1994, National Flood Policy 1994, National Water Policy 1999, National Land Use Policy 2001, National Lumber Policy

## Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
