Brief Note on ToF Course for Community Development Facilitators

Irrigation Extension Training Center, BWDB, Baradi, Kushtia

Date: 20-22 February'2018

Introduction:

The first batch of ToF course on Capacity Enhancement for the Community Development Facilitators was successfully completed on 22 February'2018 which was started on 20 February'2018 at Irrigation Extension Training Center, BWDB, Baradi, Kushtia. Total 24 CDF from 8 phasing-out polders of Patuakhali and Khulna Zone, Two Resources Farmers, One Extension Overseer of BWDB from Khulna and One Extension Officer from Office of DCEO, BWDB, Kushtia participated in this three days training courses.

The Training Course:

All the participants reported at the training center on 19 February'2018 by 3.00 PM and the ToF course formally inaugurated by the Principal of the Training Center at 9.00 AM on 20 February'2018.

The course was started with the sharing of the success story of each polder by the polder team members. After that critically analyzed the success story (best 03 success story) and participants identified the major activities were performed by respective WMGs to make success, the indicator of self-evolving / self-organized (Functional) WMOs and role of CDF to the cycle of capacity building of functional WMOs.

In the second day the participants were identified 8 problems from 8 phase-out polder which are potential constraints for functional WMOs and then they analyzed & find out the root causes of the problems and possible solution and intervention.

And finally the community development facilitators (CDFs) demonstrated their skill to facilitate the identified intervention to address the problems of non-functional WMOs in three groups on three specific issues i.e. Awareness Building among WMGs members on organizational functions, Partnership development for silt cleaning, and Conflict Resolution in between WMG & Local Influential People on

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
