Acknowledgement

The publication was made possible with a financial contribution of the Government of Bangladesh. We acknowledge the Department of Fisheries (DOF), Bangladesh Water Development Board (BWDB), Government of Bangladesh, the World Bank and other partners as well as our personal contribution. We also thank the numerous people for making this important and timely program successful. We would particularly appreciate the assistance of all community members who helped us in various ways throughout the project. We are also thankful to anonymous reviewers for their constructive criticism and helpful suggestions for improvement.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
