Evaluation of Call for Proposals – Blue Gold Innovation Fund

Steps in the evaluation process

The evaluation process consists of a total of three steps, to be repeated for each submission of Concept and/or Proposal:

1. A formal assessment on all Concepts and Proposals, using the completeness and on-time criteria
2. An assessment on all Concepts and Proposals, using the threshold criteria
3. A detailed assessment of Concepts and Proposals, using specific criteria for both application types.

Who evaluates

Evaluations will be done by the Evaluation Committee. This committee includes:

- Innovation Fund Manager
- Strengthening Value Chains representative from TA team
- Agriculture Expert from TA team
- Representative from DAE
- Representative from research institute / other org. experienced in ICT for agriculture projects (e.g. experienced in evaluating G4AW calls)

Who makes the final decision

The final decision will be made by a special Steering Committee, which will discuss all shortlisted Concepts and/or Proposals in an internal meeting(s), and decide which application will be selected to move towards the next stage.

This Steering Committee consists of:

- Team Leader of the Blue Gold Program
- Innovation Fund Manager
- Strengthening Value Chains representative from TA team

The final decision will be discussed with the representative of EKN, before being communicated externally.

Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
