**Field Visit Report  
FTR # 09, 2019**

Component No(s)	: SVC	Date of Report Submission	: 08/12/19
Duration (Days)	: 3	Start Date	: 08/12/19
		End Date	: 10/12/19
Date of Return	: 10/12/2019		
Place(s)	: Satkhira		
Objective(s)	: To organize training on knowledge improvement for selective livestock farmers to climate resilient To Visit DLO and ULO in Satkhira Sadar		
Participant(s)	: Dr. Munir Ahmed, Livestock Expert, BGP		

Go to page

- 1. Activities :** Preparatory meeting with zonal team for organizing training  
: Visit farmers house for practical classes and venue for training  
: Meet DLO and ULO in Satkhira  
: Training Facilitation

**2. Observations :**

Blue Gold Program, Satkhira has been successfully organized two (2) batches of training programs on "Knowledge Improvement Training for Selective Livestock Farmers to Climate Resilient" dated on 9 & 10 December, 2019. The objective of the training was to improve housing management of cattle rearing in the context of water logging area of Satkhira to combat with climate change. A total of 50 farmers (male-22 and female- 28) from 12 WMGs took part in the training programs. BGP Livestock Expert and Satkhira Zonal team facilitated the session and District Livestock Officer (DLO), Satkhira and Upazila Livestock Officer (ULO), Satkhira Sadar were also facilitated as resource person in the training.

Other observations:

- Farmers from water logging WMG have been benefited from this training
- Strengthening linkage with WMG and WMA regarding cooperative mode in action for market development.
- Process have been addressed how to solve their problems during water logging time.
- Establishment of networking with upazila livestock offices, input seller and other related livestock service providers in the local context.

## Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
