### Brief of Rabi Planning Workshop

CRABR Rabi Planning Workshop has been organized on 22<sup>nd</sup> at Patuakhali and 29<sup>th</sup> at Khulna. The participants were the SA Farmers & SDA of the respective CRABR Rabi, experienced farmers from other CRABR Rabi, WDA members, SDA and SDAO officers. The place was at the (Patuakhali) Khulna & SDA SDAO 2 in Patuakhali. CRABR Rabi members and farmers were selected under Khulna, Patuakhali and Khulna. The objectives of this planning workshop were to review the CRABR Rabi Rabi management practices, meeting and present situation of the Rabi, prospects and plan for Rabi Rabi according to the situation.

They also reviewed and discussed the needs, preferences, other CRABR experience and challenges of CRABR Rabi Rabi members for Rabi season cultivation and select crops considering marketing challenges related to inputs, inputs, market linkages for the selected crops to identify possible solutions for the optimum benefits. At the end of the workshop a comprehensive plan for Rabi Rabi 2019 has been prepared and presented by the CRABR farmers along with SDA, SDA and Extension Officers.

It is noted that one CRABR farmer was cultivated 80% in Rabi Rabi (80% under Rabi Rabi) which they established an example & tip from among the farmers. The SDA, SDA and SDAO officers specially noted that plan as a high potential crop and already SDAO offered the farmers to purchase that crop 80% 100% as a seed for the next year.

From the overall observation on the day long workshop is "Developed a strong relationship among the WDA and SDAOs, which is the result of collaborative work among the WDA, SDA, SDAO and SDAO. The WDA & SDAOs are already selected the CRABR Rabi and highly committed to continued support to expand the CRABR in other areas as their own activities.

## Blue Gold Program Wiki

The wiki version of the Lessons Learnt Report of the Blue Gold program, documents the experiences of a technical assistance (TA) team working in a development project implemented by the Bangladesh Water Development Board (BWDB) and the Department of Agricultural Extension (DAE) over an eight+ year period from March 2013 to December 2021. The wiki lessons learnt report (LLR) is intended to complement the BWDB and DAE project completion reports (PCRs), with the aim of recording lessons learnt for use in the design and implementation of future interventions in the coastal zone.
